Participation in projects

Currently there are no Irish partners in EU-funded projects that contribute to Europeana. The projects directly support to knowledge and technology sharing between libraries, museums, archives, software agencies and university research departments. The activities include delivering content, technology and knowledge to Europeana. It would be a positive outcome if we could get our Irish partners to participate in this.

- 18 print reports
- 14 online

Highlights

On 14 February Europeana Launched #AllezLiterature. Organised around three main phases, this new thematic campaign focused on libraries and archives and ran on social media in the first half of 2017. While it continues to explore the shared human experience through culture, it focuses on a new medium: words, in all their forms and languages.

Through #AllezLiterature Europeana wants to shine a light on the value of the written word in the shared cultural heritage, as enriched by text, literature and poetry as it is by paintings, drawings or sculptures.

The National Library of Ireland contributed 4 restricted licensed items for this campaign.

Europeana Network Association

The Europeana Network Association is a dedicated group of experts working in the field of digital heritage. To this date 56 people from Ireland have registered to become a Europeana Network Association Member.

Every year the Europeana Network Association elects the Members Council consisting of 36 members who play a crucial role across all Europeana's activities.

Also the Members Council appoints six members to form its Management Board, who sit on the Europeana Governing Board and represent the Network in the Europeana Foundation's executive decision making.
