Campaigns & Events

Together with DSI1 partner PSNC, Poznan, a 'Europeana 1914 – 1918' community collection campaign was held in June 2016. The campaign started with a press conference on 19 May at PSNC headquarters in Poznan. The community collection also took place at PSNC on the 3rd-4th June 2016.

The Polish art was also used in the [Faces of Europe](#) exhibition. Between October 2016 and February 2017, the National Audiovisual Institute together with PSNC, The "Grodzka Gate - NN Theatre" Centre, [Jewish Historical Institute](#) and School of Form, supported by Europeana ran the [TuEuropeana](#) project. The project led [a series of workshops](#) in Poland, inviting potential Europeana users to exchange about their experiences with the ambition to explain the rules of creative re-use of digital cultural content to educators and young creators and to invite more digital cultural collection holders to make their assets accessible via Europeana's channels. At [THE ARTS+](#) conference and fair on The Business of Creativity last October Europeana hosted an interactive and interdisciplinary workshop dedicated to exploring the potential of the cultural and creative market in the digital age (THE ARTS+ Lab). Design students from Poland were invited to develop original projects reusing Europeana content.

The National Digital Library Polona provides access to the digital collections of the National Library of Poland, including the most important editions of literature and scientific materials, historical documents, journals, graphics, photography, and maps.

Europeana Network Association

The Europeana Network Association is a dedicated group of experts working in the field of digital cultural heritage. To date 33 people from Poland have registered as Europeana Network Association Members. Every year the Europeana Network Association elects the Members Council consisting of 36 members who play a crucial role across all Europeana's activities. The Members Council appoints six members to its Management Board, who also sit on the Europeana Governing Board and represent the Network in the Europeana Foundation's executive decision making. In 2016, Marcin Werla from Poznań was elected to be in the Members Council till 2018.
