Overview

Currently Europeana.eu features content from 36 countries in 34 languages across 3,500 data providers. In total there are **52,323,494** objects available in Europeana.eu, which is in line with 2015's goal of making 45 million digital objects available through Europeana. Several partners have submitted new or updated metadata to Europeana in the last month, including Archives Portal Europe, Arts Council Norway, AthenaPlus, Digitale Collectie, EAGLE, Europeana Sounds, EUScreenXL, LoCloud, MaNDA, OpenUp!, Slovenski nacionalni agregator e-vsebin, Swedish Open Cultural Heritage, The European Library, Europeana Newspapers.

In line with the Europeana Foundation's business plan 2015 and working towards its strategic plan 2015-2020, Europeana is working on improving the richness and the quality of the metadata present in the Europeana repository. This is being achieved by asking Europeana's partners to review the presence, quality and consistency of metadata fields, such as the description, title, date (created or issued), coverage (spatial or temporal). In addition to this Europeana is focusing

on increasing the number of digital objects labelled with rights statements that enable re-use, and also on the provision of direct links to media files of high quality.
